

Dear Editor and Reviewers,

Thank you for your expert opinion and helpful suggestions.

Reviewer 00646232

According to your suggestions in the abstract we underline a role of other antibodies in diagnosis of celiac disease, and at the main text applied other recommendations.

Reviewer 00188995

The average delay in diagnosis, refractory celiac disease, ulcerative disease in Down sy patients with celiac disease can not be found in the available literature. Compliance with gluten free diet and long-term outcome we mentioned in the text.

Thanks and regards

Dr. Momcilo Pavlovic
