COMMENTS TO AUTHORS

The author should add an introduction in which objectives of the review should be described. Otherwise the manuscript is a comprehensive and objective review of Endoscopic surgery now and in the near future.

COMMENTS TO AUTHORS

This is a review article regarding current developments of endoscopic surgery. The paper is well written and informative. There are some typos that should be corrected. There are no figure legends for Figure1-3. Especially, readers may not understand what is shown in Figure 3 unless legends are provided.
