CERTIFICATE OF ENGLISH EDITING

This is to certify that the paper with the title **Long non-coding RNA W5 inhibits progression and predicts favorable prognosis in hepatocellular carcinoma**, has been edited for language by a native English speaker from Wenxing, a language editing company from China. Neither the research content nor the author's intentions were altered in any way during the editing process.

Wenxing guarantees the quality of English language in this paper; provided our editor's changes are accepted and further changes made to the paper are checked by our editor.
