

May29, 2015

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 2429-review.doc).

**Title:** Distinctive Roles of Unsaturated and Saturated Fatty Acids in Hyperlipidemic Pancreatitis

**Author:** Yu-Ting Chang, Ming-Chu Chang, Chien-Chih Tung, Shu-Chen Wei, Jau-Min Wong.

**Name of Journal:** *World Journal of Gastroenterology*

**ESPS Manuscript NO:** 17601

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewer

(1) reviewer68891: Three literatures published in 2014 (reference 6, 16, and 25) and one literature published in 2012 (reference 37) have been added in the references.

(2) reviewer68107: The references have been updated.

(3) reviewer53888: The introduction and discussion have been reduced in length as your suggestion.

(4) reviewer69406: (1) The introduction has been condensed as your suggestion. (2) "The ratio of unsaturated/saturated fatty acid" has been revised to " Unsaturated fatty acid at high concentrations...." in the abstract and discussion as your suggestion. (3) Unsaturated fatty acids at "high concentration" play a distinctive role in the pathogenesis of pancreatitis.

3 References and typesetting were corrected

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,

Yu-Ting Chang, MD, MS, Ph.D
