Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 4360-review.doc).

Title: Aryl hydrocarbon receptor as a new therapeutic target for cancer and immune disorders

Author: Vega L. and Elizondo G.

Name of Journal: *World Journal of Pharmacology*

ESPS Manuscript NO: 4360

The manuscript has been improved according to the suggestions of reviewers:

1. Introduction, line 3. "polycyclic hydrocarbon" was changed by "polycyclic aromatic hydrocarbon"
2. As reviewer suggested, Alan Poland work was cited.
3. Sub-domains PAS A AND B were deleted and changed to only PAS domain.
4. The reviewer is correct. The NLS is in the basic region while the NES is located at the HLH region. This was corrected.
5. The Warner study was cited as the reviewer asked.
6. The use of "for example" was reduced all over the text.
7. As the reviewer suggested, Figure 2 and Figure legend 2 were modified.

References and typesetting were corrected. PMID and DOI were added. The core tip was also included.

We thank the reviewers for their time and effort in making constructive reviews that improved the quality of this paper. We hope that with these changes the paper will be acceptable for publication in the *World Journal of Pharmacology*.

Sincerely yours,

Guillermo Elizondo, PhD
