WJD 5th Anniversary Special Issues (4): Diabetes-related complications

### **A review of telehealth interventions to reduce management complications in type 1 diabetes**

Amanda M Balkhi, Adam M Reid, Sarah C Westen, Brian Olsen, David M Janicke, Gary R Geffken

#### **Abstract**

Type 1 Diabetes is a chronic illness with a high burden of care. While effective interventions and recommendations for diabetes care exist, the intensive nature of diabetes management makes compliance difficult. This is especially true in children and adolescents as they have unique psychosocial and diabetes needs. Despite the
