## CERTIFICATION

Faro, 27<sup>th</sup> of February 2020

Dear Dr Lian-Sheng Ma,  
Founder and Chief Executive Officer  
Baishideng Publishing Group Inc  
Editor of the World Journal of Clinical Oncology,

I hereby indicate that I have spent 9 years at the University of Oxford, I have written and authored many manuscripts in English, including one that was published last year in World Journal of Stem cells (Bragança et. 2019 DOI: 10.4252/wjsc.v11.i7.421), and I have never needed a correction by a native English speaking person.

I believe that this manuscript has the adequate English quality to be published.

Yours sincerely,

José Bragança
