

DATA SHARING STATEMENT: Data of this study is kept on a password-protected drive (Research Drive) at the NWHCS Research Office and will be on this drive for 6 years after closure of the project in accordance with VA policy. These data are available upon request to any investigator in order to enable him/her to validate and interpret the data independently. The process for requesting information is outlined in the Policy and Procedure Manual for the NWHCS and the step by step mechanism for requesting and receiving these data will be given to any investigator requesting stored data.
