1. Dear Editor, In this study Choe et al. have evaluated a 50-year old female with acute mediastinitis arising from pancreatic mediastinal fistula in recurrent pancreatitis. They have prepared manuscript well with a fluent English. Regards.
2. The novelty and innovation of the report is good.
3. This is the report of a female, who suffered from acute mediastinitis due to chronic pancreatitis. The manuscript should be seen by a native English speaking person.

The authors no need to answering the questions.
