Name of Journal: *World Journal of Gastrointestinal Oncology*

ESPS Manuscript NO: 29333

Manuscript Type: Minireviews

Dear Editor,

I present the Editorial paper entitled "**PANCREATIC RESECTION IN VERY ELDERLY PATIENTS: A CRITICAL ANALYSIS OF EXISTING EVIDENCE**", by **Sperti C, Moletta L, Pozza G**, revised as suggested by Reviewers, for possible publication in *World Journal of Gastrointestinal Oncology*.

First of all, we thank the reviewers for their valuable comments. A point-by-point answers are as follows.

Reviewer 1: "I would suggest only some minor English review, and, if possible, a more concise Editorial". The English language has been revised, and the manuscript has been shortened when possible.

Reviewer 2: No suggestions.

Reviewer 3: "Authors should include their bibliographical search and abstracts should be less theoretical and have more data". Bibliographical search has been added in the section Evidence acquisition. In the Abstract specific results in early and late outcome have been included.

All the changes in the manuscript are highlighted in red.

I declare that the paper has not been submitted elsewhere, is not under review, or published previously. No conflict of interest is declared and all the Authors are aware of and approve the manuscript being submitted to this journal.

Sincerely yours,

Cosimo Sperti, MD, Number ID: 00043819
