The authors declare:

- 1 That the manuscript is not simultaneously being considered by other journals or is already published elsewhere.
- 2 That the manuscript has no redundancy, plagiarism, data fabrication, or falsification.
- 3 That the authors have no conflict of interest related to the manuscript.
- 4 That the material contained within the manuscript is original, with all information from other sources appropriately referenced, and that written specific permission has been granted by any existing copyright holders prior to publication and is clearly cited and available.
- 5 That the authors agree to transfer to Baishideng Publishing Group Inc exclusive copyright ownership for all formats of the manuscript, including print and electronic formats, English and non-English language formats, and subsequent editions such as Erratum, in addition to all rights for (1) granting permission to republish or reprint the materials in whole or in part, with or without a fee, (2) printing copies for free distribution or for sale, and (3) republishing the materials in a compendium or in any other format.
- 6 That the author(s) acknowledge that all articles published by Baishideng Publishing Group Inc are selected by an in-house editor and fully peer-reviewed by external reviewers. Baishideng Publishing Group Inc applies the Creative Commons Attribution Non Commercial (CC BY-NC 4.0) license, which permits others to distribute, remix, adapt, build upon this work non-commercially, and license their derivative works on different terms, provided the original work is properly cited and the use is non-commercial. See: <http://creativecommons.org/licenses/by-nc/4.0/>

7 That the authors agree to publish the related documents (e.g. peer review report, answers to reviewers, CrossCheck report, signed copyright assignment, etc.) of the manuscripts at the same time that the manuscript is published online.

8 That there are no errors in grammar, syntax, spelling, punctuation, or logic.

9 That all figures and tables have been correctly placed and clearly identified, and meet the journal's standards of high-resolution quality.

10 That the references are numbered according to their order of appearance in the main text of the manuscript.
