

PaperTalks Editorial Certification

This document certifies that the manuscript described below has been edited for proper English language, grammar, punctuation, spelling, and overall style by highly qualified native English speaking professional editors at PaperTalks.org. Neither the research content nor the authors' intentions were altered in any way during the editing process. Documents receiving this certification should be English-ready for publication. However, we can't guarantee no changes would be made by authors after our editing.

Manuscript title: **Fluoroscopic removal of fractured, retained, embedded Z self-expanding metal stent using a guidewire lasso technique: A Case Report**

Author(s): **Bi, Yonghua**

Date: 11/1/2021

CEO:

PaperTalks.org is an international organization headquartered in the United States. We are proud of having more than one hundred US, British, and Canadian professional English editors, professors, and research scientists with doctoral degrees from the world's top universities. Our editors come from almost every research area and possess the highest qualifications to edit manuscripts for non-native English speakers. For more information, please visit our website <https://papertalks.org> or contact us by email at support@papertalks.org.
