Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 8929-review.doc).

Title: Effects of rectal indomethacin in the prevention of post-ERCP pancreatitis

Author: Zoltán Döbrönte, Zoltán Szepes, Ferenc Izbéki, Judit Gervain, László Lakatos, Gyula Pécsi, Miklós Ihász, Lilla Lakner, Erzsébet Toldy, László Czákó

Name of Journal: *World Journal of Gastroenterology*

ESPS Manuscript NO: 8929

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewer

Reviewer 1 (02537101)

- (1) Abstract has been modified.
- (2) Introduction has been modified according to the suggestions.
- (3) Materials and Methods: separate key lists have been added in every paragraph.
Statistical analysis has been checked.
- (4) Results have been re-organized, a new table (Table 2) and separate key lists have also been added.
- (5) See point 7
- (6) A new table (Table 2) has been added. Dashed lines have been replaced by solid ones.
P-values have been displayed in the tables.
- (7) The Discussion has been rewritten.
- (8) A professional translator has been corrected the language of the manuscript.

Reviewer 2 (02861620)

- (1) The randomization procedure and the process of blinding have been delineated in the Methods.
- (2) Distribution of the specific risk factors in the investigated population has been presented in Table 2. The influence of the homogeneity of the study population on the outcome has been discussed.
- (3) P-values have been displayed in the tables.
- (4) The differences in the result of our study and the meta-analysis written by Yaghoobi M et al. have been discussed. P-values have been displayed in the tables.

3 References and typesetting were corrected.

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'László Czako'.
