<input type="checkbox"/> Grade A: Excellent	<input type="checkbox"/> Grade A: Priority publishing	<input type="checkbox"/> Accept
<input type="checkbox"/> Grade B: Very good	<input checked="" type="checkbox"/> Grade B: Minor language polishing	<input type="checkbox"/> High priority for publication
<input checked="" type="checkbox"/> Grade C: Good	<input type="checkbox"/> Grade C: A great deal of language polishing	<input checked="" type="checkbox"/> Revision
<input type="checkbox"/> Grade D: Fair		
<input type="checkbox"/> Grade E: Poor	<input type="checkbox"/> Grade D: Rejected	<input type="checkbox"/> Rejection

JOURNAL EDITOR-IN-CHIEF (ASSOCIATE EDITOR) COMMENTS TO AUTHORS

The paper should be clearly shortened as well as authors should summarize the available evidence on the clinical efficacy in a Table that includes study design patient numbers outcomes in both investigational group and the placebo together with evidence levels. Without this the paper is way too descriptive.

Answering:

We revised the paper according to editor's comments. All changes in document have been highlighted by yellow color (add Table 1). Please reconsider this manuscript for publication in WJG. Thank you for your attention to our manuscript.
