7	An informative, structured abstracts of no less than 150 words should accompany each manuscript.	Drugs fulfilling the criterion of a standard drug will always become panacea provided, if they are used properly. On the other hand, a poorly manufactured drug however used skillfully, will prove to be a poison. Texts of Ayurveda, do mention hazards of drugs, which are not properly manufactured or administered. Art of drug administration is unique in this ancient medical science, that cautions towards concentrating on dose, indications, contra-indications, suitable vehicle, specific diet, certain restrictions etc. while administering medicines in suitable individuals. Though a huge amount of information is available and evidences are being generated on the usefulness of traditional practices in global healthcare; there is a need of generating awareness on <i>Promoting rational use of traditional medicines in particular to Ayurvedic drugs</i> . Conventional researchers wish to work on traditional formulations have to understand traditional principles and involve traditional physicians in their researches in the benefit of mankind.
8	Please list 5–10 key words for each paper, selected mainly from Index Medicus, which reflect the content of the study. Each key word is separated by a semicolon.	Added Ayurveda, Traditional Medicines, Safety, Posology, Punarnava Mandura, Guggulu
9	Please write a summary of less than 100	Ayurveda principles of treatment and concepts of drug

	words to outline the most innovative and important arguments and core contents in your paper to attract readers.	administration are entirely different than the conventional approach. Besides other basic requirements; understanding digestive ability, metabolic capability, tolerability of the patient to a specific dose of the drug, psycho-somatic constitution etc. of the patient is essential before starting treatment. In absence of which, adverse manifestations are likely. It is also unwise using traditional formulations by procuring Over-the-Counter for a longer period without any supervision of qualified physician. Considering holistic approaches of traditional remedies, joining hands together respecting fundamental principles of each other will be beneficial in global healthcare.
10	In order to attract readers to read your full-text article, we request that the first author make an audio file describing your final core tip. This audio file will be published online, along with your article. Please submit audio files according to the following specifications:	
11	Please provide all authors abbreviation names and manuscript title here. The abbreviation names should be the same as the copyright.	Added

Answering reviewers: I thank all the peer reviewers for their comments.
