Clinical profile, diagnostic yield and procedural outcomes of patients undergoing single balloon enteroscopy: A tertiary care hospital experience

I certify that I am fluent in written and spoken English language. I did 13 years of pre-medical schooling, where the medium of instruction was English. My medical and post-graduation training and certification are in English, and I have published extensively as first author in English language journals.

I am confident to verify that the language of the manuscript has reached grade A, and is suitable for medical publishing.
