

## ESPS PEER-REVIEW REPORT

**Name of journal:** World Journal of Hepatology

**ESPS manuscript NO:** 26075

**Title:** Insights for hepatitis C virus related hepatocellular carcinoma genetic biomarkers: Early diagnosis and therapeutic intervention

**Reviewer's code:** 03536434

**Reviewer's country:** Turkey

**Science editor:** Jing Yu

**Date sent for review:** 2016-03-31 15:26

**Date reviewed:** 2016-04-26 13:35

## COMMENTS TO AUTHORS

The manuscript focuses on the "Insights for HCV related HCC Genetic biomarkers". So, this paper would contribute to fundamental knowledge to the readers. In my opinion, this manuscript with some minor changes is suitable for publication. There are some corrections was shown in the "word file" by using word track changing.

## COMMENTS TO AUTHORS

This review covers all the data of literature concerning HCC genetic biomarkers so it would be interesting to summarize some details by tables to allow better visibility of this review. the conclusion is too long and must be resumed.
