[] Grade E (Poor)		[] No records	[] Major revision

COMMENTS TO AUTHORS

Very interesting revision. It is a topic of increasing interest in the area of hepatology and liver transplantation. There are just some paragraphs that need revision. In the first paragraph of item 3 (metabolic syndrome post-transplant....), it seems that the end of the paragraph was cut. In the first paragraph of item 4.2 (de novo NAFLD...), the last sentence seems to be incomplete.
