SPECIFIC COMMENTS TO AUTHORS

In my opinion, this is an exhaustive and very well structured review. The pathophysiology of GIADs and their diagnosis and treatment, with special emphasis on understudied small bowel angiodysplasias are critically discussed It is very important

for real clinical practice that the novel endoscopic classification of GIADs is proposed and the practical algorithm (guide) for treatment of GIADs based on localization, clinical manifestations and endoscopic type lesion is presented for the first time. Quite a lot of references to latest studies are given in the manuscript. Undoubtedly, the review can be published without any revision.
