LANGUAGE EDITING

To whom it may concern,

This is to certify that the manuscript intitlled **“Melatonin treatment restores zinc levels, activates the Keap-1/Nrf2 pathway and modulates reticular stress and unfolded protein response in rats chronic hepatotoxicity”** was reviewed for grammatical clarity and appropriate vocabulary by a qualified colleague wtih expertise and experience in English language editing of scientific and medical manuscripts.

Please contact me if you have any queries.

Sincerely,

Silvia Bona
