SPECIFIC COMMENTS TO AUTHORS

Thank you for submitting this interesting article to the World Journal of Gastroenterology. The topic of the paper is very interesting and will be a quite informative to professionals who work in the field of transplantation and translational science. However, the English language requires serious editing to make the paper easy

SPECIFIC COMMENTS TO AUTHORS

The authors organized the most commonly used types of decision analytical models, and discussed the advantages and weakness of each method. The scope of application of each decision analytical model were also discussed. 1. A table summarizing the major conclusion of this review will be helpful for the understanding and application of the
