JOURNAL EDITOR-IN-CHIEF (ASSOCIATE EDITOR) COMMENTS TO AUTHORS

This topic highlight paper is focused on one of the important and current topics of oncological surgery- application of robotic technology to gastric cancer surgery. It is comprehensive overview of the topic with well-arranged summarizing tables, which will be very helpful for the experts in the field. Manuscript underwent extensive revision to fulfil reviewer' s recommendations. My final decision is to accept this manuscript for publication in WJGO as it is.
