

**Name of Journal:** *World Journal of Gastrointestinal Surgery*

**ESPS Manuscript NO:** 03254349

**Manuscript Type:** Review Study

**Trends on the use of Neoadjuvant Radiotherapy and Clinical Staging for Rectal Cancer**

**Data Sharing:**

There is a potential risk of confidentiality loss during the study. The following steps will be taken to protect the confidentiality of the information obtained throughout the study:

1. All protected information will be de-identified at the start of the research project.
2. All original documents will be maintained on a computerized system in their original format. Data points will be maintained on a locked file in the office of Beth Handorf.
3. Only the investigators will have access to the electronic medical records. All investigators are HIPAA and NIH trained with regard to the protection of human research participants.
