

PEER-REVIEW REPORT

Name of journal: *World Journal of Hepatology*

Manuscript NO: 80909

Title: Prognostic role of RFWD3 and immune cell infiltration in hepatocellular carcinoma

Provenance and peer review: Unsolicited Manuscript; Externally peer reviewed

Peer-review model: Single blind

Reviewer's code: 06407385

Position: Peer Reviewer

Academic degree: MD

Professional title: Doctor

Reviewer's Country/Territory: China

Author's Country/Territory: China

Manuscript submission date: 2022-10-17

SPECIFIC COMMENTS TO AUTHORS

The authors appreciated the reported unique view in probing into the prognostic implication of RFWD3 in HCC. They explored the correlation between RFWD3 expression and infiltration level of 24 immune cells. However, I think the research is not innovative enough. And the author only used database data for analysis, and did not verify in patient samples.

SPECIFIC COMMENTS TO AUTHORS

Excellent work. It should be a full paper. Considering that half of the patients were classified as stage I (BCLC?), I wonder if RFWD3 expression differs among stages.
