Rectal cancer lateral pelvic sidewall lymph nodes: a ...

<https://academic.oup.com/bjs/article-abstract/107/12/1562/6120899> ▾

The **management** of **rectal cancer pelvic sidewall lymphadenopathy** is controversial and non-standardized, with significant geographical differences. There is a well defined anatomical and pathological mechanism for **lateral lymphatic** spread; the risk increases with lower tumour height and advanced T category.

Diagnostic and management strategies for lateral pelvic ...

<https://www.ncbi.nlm.nih.gov/pubmed/31949940>

Options to manage such lateral lymph nodes includes **neoadjuvant chemoradiotherapy** as well as lateral lymph node dissection. Surgery is extensive and may lead to significant morbidity to the patient. This review article evaluates diagnostic and management strategies in patients with lateral pelvic lymph nodes in low rectal cancer.
