

Dear editor,

Thank you very much for your letter and advice. We have addressed the comments raised by the reviewers and editors, and some revisions have been made to the manuscript. We would like to resubmit it for your consideration. Point by point responses to the comments are listed below this letter.

We hope that the revised version of the manuscript is now acceptable for publication in your journal. We look forward to hearing from you soon.

Best wishes!

Yours sincerely,

Yi Lv

#### **Replies to Reviewer 1**

***The manuscript is adequately presented. I only suggest to the authors to add the following recent references.***

According to reviewer's instructions, some important references have been added to the manuscript as highlighted.

1. Di Leo M, Leandro G, Singh SK, et al. Low Alcohol and Cigarette Use Is Associated to the Risk of Developing Chronic Pancreatitis. *Pancreas*. 2017;46(2):225-229.
2. Greer JB, Thrower E, Yadav D. Epidemiologic and Mechanistic Associations Between Smoking and Pancreatitis. *Curr Treat Options Gastroenterol*. 2015;13(3):332-46.
3. Munigala S, Conwell DL, Gelrud A, et al. Heavy Smoking Is Associated With Lower Age at First Episode of Acute Pancreatitis and a Higher Risk of Recurrence. *Pancreas*. 2015;44(6):876-81.
4. Sun X, Huang X, Zhao R, et al. Meta-analysis: Tobacco smoking may enhance the risk of acute pancreatitis. *Pancreatology*. 2015;15(3):286-94.

#### **Replies to Reviewer 2**

***You may be on to something! Now, confirm your conclusions by a prospective study.***

Thanks for your suggestion! As we have revealed that smoking is associated with worse RFS and an increased rate of HLAP recurrence in this retrospective study, a prospective study is under design. Besides, mechanism research is also in consideration.

#### **Replies to Editor**

1. ***Please rearrange all the authors' affiliations with Department, University or Institute, City,***

***Postcode, Country, etc. Please see the format in the attachment.***

The authors' affiliations have been rearranged in format, and the ORCID numbers have been added in the manuscript.

***2. This statement must be mentioned in the text, and a certificate of statistical review signed by a biostatistician must be provided in PDF format.***

The biostatistics statement has been mentioned in the text and a signed PDF format has been uploaded.

***3. In order to attract readers to read your full-text article, we request that the first author make an audio file describing your final core tip. This audio file will be published online, along with your article.***

An audio file describing our final core tip has been uploaded in mp3 format.

***4. Please write the "Article Highlights" section at here. See the format in the Format.***

We have written the "Article Highlights" section in format.

***5. Statistical significance is expressed as <sup>a</sup>P<0.05, <sup>b</sup>P<0.01 (P>0.05 usually does not need to be denoted). If there are other series of P values, <sup>c</sup>P<0.05 and <sup>d</sup>P<0.01 are used, and a third series of P values is expressed as <sup>e</sup>P<0.05 and <sup>f</sup>P<0.01. Statistical data is expressed as mean ± SD or mean ± SE.***

The symbol of P-value and other notes have been modified according to editor's request.
