

# CANCER SUCKS!

May 7, 2017

To Whom It May Concern:

Cancer Sucks, Inc. is a non-profit 501 (3) (c) organization whose mission is to provide a forum for those who have lost loved ones to cancer while aggressively raising money to find a cure. Since our humble beginnings in 1996, we have raised and donated over one million dollars to cancer research.

This letter is to confirm that Cancer Sucks, Inc. has been financially supporting the cancer research of Rashmi Kaul, Ph.D., Associate Professor of Immunology, Department of Biochemistry and Microbiology, Oklahoma State University Center for Health Sciences in Tulsa, OK since 2006.

Our funding has helped support her research project - Hepatitis C and Hepatocellular Carcinoma Pathogenesis.

If you need further information, please feel free to contact us.

Sincerely,

A SIMPLE MISSION STATEMENT GUIDES CANCER SUCKS!

*"Provide a forum for those who have lost loved ones to cancer while aggressively raising money to find a cure. No one should have to go through what millions of cancer victims, survivors and those left behind have endured."*
