Manuscript Type: REVIEW

65006: Drug-induced stuttering: a comprehensive literature review

Dear Editor,

We would like to thank you and the reviewers for the valuable comments. We considered the comments and corrected those.

Sincerely yours

Naemeh Nikvarz and Salehe Sabouri

Reviewer #1:

We thank respectful reviewer 1 for the valuable comments.

Reviewer #2:

We thank respectful reviewer 2 for the valuable comments.

1. Based on my evaluation, I am recommending this manuscript after minor polishing of the English language.

The manuscript has been edited grammatically.

LANGUAGE QUALITY

Please resolve all language issues in the manuscript based on the peer review report. Please be sure to have a native-English speaker edit the manuscript for grammar, sentence structure, word usage, spelling, capitalization, punctuation, format, and general readability, so that the manuscript's language will meet our direct publishing needs.

The manuscript has been edited.

5 ABBREVIATIONS

In general, do not use non-standard abbreviations, unless they appear at least two times in the text preceding the first usage/definition. Certain commonly used abbreviations, such as DNA, RNA, HIV, LD50, PCR, HBV, ECG, WBC, RBC, CT, ESR, CSF, IgG, ELISA, PBS, ATP, EDTA, and mAb, do not need to be defined and can be used directly. Now we list the abbreviations rules as follows.

- (1) **Title:** Please spell out any abbreviation in the title. Abbreviations are not permitted.

No abbreviation is used in the title.

- (2) **Running title:** Please shorten the running title to no more than 6 words. Abbreviations are permitted.

The running title has 3 words

- (3) **Abstract:** Abbreviations must be defined upon first appearance in the Abstract. Examples:
Example 1: Hepatocellular carcinoma (HCC). Example 2: *Helicobacter pylori* (*H. pylori*).

Abbreviations are defined upon first appearance in the Abstract

- (4) **Key words:** Abbreviations must be defined upon first appearance in the Key words.

The key words have no abbreviation.

- (5) **Core tip:** Abbreviations must be defined upon first appearance in the Core tip. Examples:
Example 1: Hepatocellular carcinoma (HCC). Example 2: *Helicobacter pylori* (*H. pylori*)

Abbreviations have been defined upon first appearance in the Core tip

- (6) **Main Text:** Abbreviations must be defined upon first appearance in the Main Text. Examples:
Example 1: Hepatocellular carcinoma (HCC). Example 2: *Helicobacter pylori* (*H. pylori*)

Abbreviations have been defined upon first appearance in the Main Text

- (7) **Article Highlights:** Abbreviations must be defined upon first appearance in the Article Highlights.
Examples: Example 1: Hepatocellular carcinoma (HCC).

Example 2: *Helicobacter pylori* (*H. pylori*)

- (7) **Figures:** Please verify the abbreviations used in figures and define them (separated by semicolons) at the end of the figure legend or table; for example, BMI: Body mass index; CT: Computed tomography.

Abbreviations have been defined (separated by semicolons) at the end of the figure legend

- (9) **Tables:** Please verify the abbreviations used in tables and define them (separated by semicolons) at the end of the figure legend or table; for example, BMI: Body mass index; CT: Computed tomography.

Abbreviations have been defined at the end of the tables.

6 EDITORIAL OFFICE'S COMMENTS

4) References: A total of 110 references are cited, including 9 references published in the last 3 years; (5) Self-cited references: There are 2 self-cited references. The self-referencing rates should be less than 10%. Please keep the reasonable self-citations (i.e. those that are most closely related to the topic of the manuscript) and remove all other improper self-citations.

5 Issues raised:

- (1) The "Author Contributions" section is missing. Please provide the author contributions

Author contribution is added:

Naemeh Nikvarz substantially contributed to conception and design of the review, search relevant data and interpretation of data, drafted the article and finally approved version of the article to be published.

Saleheh Sabouri substantially contributed to conception and design of the review, search relevant data and interpretation of data, drafted the article and finally approved version of the article to be published.

- (2) The authors did not provide original pictures. Please provide the original figure documents. Please prepare and arrange the figures using PowerPoint to ensure that all graphs or arrows or text portions can be reprocessed by the editor
The figure in PowerPoint is submitted as "65006-Figures.ppt".
- (3) Requirements for Tables: Please provide decomposable Tables (in which all components are movable and editable), organize them into a single Word file, and submit as "65006-Tables.docx" on the system. The tables should be uploaded to the file destination of "Table File".
The correction is done.
- (4) PMID and DOI numbers are missing in the reference list. Please provide the PubMed numbers and DOI citation numbers to the reference list and list all authors of the references. Please revise throughout.
PMID and DOI numbers are added in the reference list. However, for some references we could not find a DOI or PMID or both.
- (5) If an author of a submission is re-using a figure or figures published elsewhere, or that is copyrighted, the author must provide documentation that the previous publisher or copyright holder has given permission for the figure to be re-published; and correctly indicating the reference source and copyrights. (5) And please cite the reference source in the references list. If the author fails to properly cite the published or copyrighted picture(s) or table(s) as described above, he/she will be subject to withdrawal of the article from BPG publications and may even be held liable.
The figure in the manuscript is produced by Salehe Sabouri and is not re-used from other sources.
