### **SPECIFIC COMMENTS TO AUTHORS**

Dear Authors, I would like thank you for your effort to share the findings with the scientific community. This case report is based on the development of fibrotic hypersensitivity pneumonia of a halogen dishes manufacturer due to long occupational exposure of spices. I have gone through the manuscript and had some observations. I have made some corrections and suggests some modification in the documents using track change and few are given below: 1. Discussion section may be shortened and discuss that are most relevant to the findings. 2. Follow the documents for typo errors. 3. Modify as per comments stated in the documents. 4. Put a recent reference in serial no. 9.
