Dear Editors, please find enclosed our revised manuscript "Role of Magnetic Resonance Imaging in the Detection and Characterization of Solid Pancreatic Nodules: an Update". We sincerely thank you for your suggestions; we believe they have improved our manuscript.

Sincerely yours,

Richard C. Semelka

## **Responses**

**We accepted the changes proposed by reviewer #1. Additionally, some grammatical changes were done.**

**#1. A short running title of less than 6 words should be provided.**

We have done that.

**#2. Authors' full names should be given first, then the complete name of institution, city, province and postcode.**

We have done that.

**#3. All the authors' work should be given in this section. Thank you!**

We have done that.

**#4. Only one corresponding address should be provided. Author names should be given first, then author title, affiliation, the complete name of institution, detail of address (to street or avenue), city, postcode, province, country, and email. Thank you!**

We have done that.

**#5. Telephone and fax should consist of +, country number, district number and telephone or fax number, e.g. Telephone: +86-10-59080039, Fax: +86-10-59080039.**

We have done that.

**#6. A conflict-of-interest statement is required for all article and study types. In the interests of transparency and helping reviewers to assess any potential bias in a study's design, interpretation of its results or presentation of its scientific/medical content, the BPG requires all authors of each paper to declare any conflicting interests (including but not limited to commercial, personal, political, intellectual, or religious interests) in the title page that are related to the work submitted for consideration of publication. In addition, reviewers are required to indicate any potential conflicting interests they might have related to any particular paper they are asked to review, and a copy of signed statement should be provided to the BPG in PDF format.**

We have done that.

**#7. Abstract. No less than 200 words.**

We have done that.

**#8. Please list 5-10 key words, selected mainly from Index Medicus, which reflect the content of the study.**

We have done that.

**#9. Please write a summary of no more than 100 words to present the core content of your manuscript, highlighting the most innovative and important findings and/or arguments. The purpose of the Core Tip is to attract readers' interest for reading the full version of your article and increasing the impact of your article in your field of study.**

We have done that.

**#10. Audio Core Tip. Please offer the audio core tip, the requirement are as follows:**

**In order to attract readers to read your full-text article, we request that the first author make an audio file describing your final core tip. This audio file will be published online, along with your article. Please submit audio files according to the following specifications:**

**Acceptable file formats: .mp3, .wav, or .aiff**

**Maximum file size: 10 MB**

**To achieve the best quality, when saving audio files as an mp3, use a setting of 256 kbps or higher for stereo or 128 kbps or higher for mono. Sampling rate should be either 44.1 kHz or 48 kHz. Bit rate should be either 16 or 24 bit. To avoid audible clipping noise, please make sure that audio levels do not exceed 0 dBFS.**

We have done that.

**#11. Please put the reference numbers in square brackets in superscript. Please check across the text.**

We have done that.

**#12. Please add PubMed citation numbers and DOI citation to the reference list and list all authors. Please provide PubMed citation numbers for the reference list, e.g. PMID and DOI, which can be found at <http://www.ncbi.nlm.nih.gov/sites/entrez?db=pubmed> and <http://www.crossref.org/SimpleTextQuery/>, respectively. The numbers will be used in the E-version of this journal. Thanks very much for your co-operation.**
