JOURNAL EDITOR-IN-CHIEF (ASSOCIATE EDITOR) COMMENTS TO AUTHORS

1) Introduction: using the listed terms, how many articles were identified in a PubMed search? 2) In "INCRETIN-BASED THERAPY IN T2DM, it would be helpful to include a Table with "Outcomes Data"; this issue and associated references could be added to Table 1 or with a separate Table. 3) In "CARDIOVASCULAR OUTCOMES OF INCRETIN-BASED THERAPY IN T2DM, it would be helpful to include a Table with "Outcomes Data"; this issue and associated references could be added to Table 2 or with a separate Table. 4) In "THE EFFECT of INCRETIN-BASED THERAPY ON BODY WEIGHT", the authors states "cause significant weight loss"; this statement needs to be quantified with associated references.
