Endoscopic Sleeve Gastropasty (ESG) | Non-Surgical Weight ...

<https://www.misadallas.com/.../endoscopic-sleeve-gastropasty> ▾

Jan 18, 2018 · Endoscopic Sleeve Gastropasty Dallas. An Endoscopic Sleeve Gastropasty (ESG), commonly called "Accordion Procedure", is a minimally invasive weight loss procedure where surgeons use an endoscopic suturing device to constrict the stomach and create a sleeve from the inside of the stomach. It is a relatively new bariatric procedure introduced...

Endoscopic Sleeve Gastropasty (ESG) - bmiclinic.com.au

<https://bmiclinic.com.au/endoscopic-sleeve-gastropasty> ▾

The Endoscopic Sleeve Gastropasty (ESG) involves the placement of internal stitches inside the stomach to lessen the volume and change the shape of the stomach, forming a tube. ... We know the ESG is most effective when accompanied by a lifestyle program, which is why at The BMI Clinic, the ESG is paired with either our Silver, Gold or ...

Endoscopic sleeve gastropasty versus laparoscopic sleeve ...

<https://www.sciencedirect.com/science/article/pii/S0016510718329882>

Endoscopic sleeve gastropasty (ESG) reduces the gastric lumen to a size comparable with that of laparoscopic sleeve gastrectomy (LSG). However, there is a paucity of research comparing outcomes between the 2 procedures.
