Systemic therapy for hepatocellular carcinoma (HCC): **From bench to bedside** Article · Literature Review (PDF Available) in Journal of the Egyptian National Cancer Institute 25(4):165-71 ...

[Hepatocellular carcinoma in chronic hepatitis C: from ...](#)

<https://www.ncbi.nlm.nih.gov/pubmed/23010890>

Hepatocellular carcinoma (HCC) is the fifth most common cancer in men and seventh in women,

Hepatocellular Carcinoma

Medical Condition

The most common form of liver cancer often seen in people with chronic liver diseases like cirrhosis.

 Rare (Fewer than 200,000 cases per year in US) May be preventable by vaccine Often requires lab test or imaging Treatment from medical professional advised Can last several months or years

Caused mainly due to the chronic infection of the liver or DNA mutation of the liver cells. Characterized by unexplained weight loss, upper abdominal pain and yellowing of the skin. Treatment options include hepatectomy, target drug delivery and the use of radiation to kill the cancerous cells.
