**Should multi-gene panel testing replace limited BRCA1/2 testing? A Review  
of genetic testing for hereditary breast and ovarian cancers**

Nimmi S Kapoor, Kimberly C Banks

### **Abstract**

Clinical testing of patients for hereditary breast and ovarian cancer syndromes began in the mid-1990s with the identification of the *BRCA1* and *BRCA2* genes.

### Match Overview

There are no matching sources for this report.

Should multi-gene panel testing replace limited BRCA1/2 testing? A Review of g
