Basic Study

Hepatoprotective and antioxidant effects of lycopene on non-alcoholic fatty liver disease in rat

 Jiang W *et al.* Hepatoprotective effects of lycopene

Wei Jiang, Xin Hai, Mei-Hua Guo

Abstract

AIM: To evaluate the hepatoprotective effect of lycopene (Ly) on non-alcoholic fatty liver disease (NAFLD) in rat.

METHODS: A rat model of NAFLD were first established using a high-fat diet
