

Subrata Ghosh, Editor-in-Chief
Baishideng Publishing Group Inc.
World Journal of Gastroenterology

Dear Doctor Subrata Ghosh,,

Since 2008 I have been providing native English editing of scientific papers, theses, and policy documents for the Turkish Ministry of Health School of Public Health (TUSAK) and researchers at a variety of universities. My undergraduate majors were English and integrative biology at the University of California at Berkeley and my master's degree is in public health with a focus in epidemiology, awarded by Columbia University Mailman School of Public Health.

I have reviewed and revised the manuscript, "A systematic review on the Post-ERCP pancreatitis: prevention and treatment" for publication in the journal "World Journal of Gastroenterology ". At this time it is fit for publication and does not require further revision.

If you have any questions or need any clarification on my editing expertise, please feel free to contact me at any time.

Sincerely,

Erica Weis, M.P.H.
Phoenix, Arizona, U.S.A.
