SPECIFIC COMMENTS TO AUTHORS

it is an interesting work and discusses a hot object with details: 1- gastric cancer is more prevalent in Japan, why you didnot discuss the japanese guidelines. 2- is there afeabile test to know if there will be a recurrence after EMR and ESD. 3- as regards figure 1, please add annotation, magnifications and scale bar. 4- karm et al(reference) is repeated many times 5- language and grammar need polishing, uploaded file with some corrections are uploaded
