**Scientific Quality:** Grade B (Very good)

**Language Quality:** Grade B (Minor language polishing)

**Conclusion:** Accept (General priority)

**Specific Comments to Authors:** In this paper, the author made a scientometric analysis of the articles published in World Journal of Clinical Cases in the past 5 years and presented the data to the readers. The results show that the journal has been growing with time with appropriate publication standards as per the COPE guidelines. I think that this paper is well-written and very interesting. This paper is worth publishing in World Journal of Clinical Cases.

Response: Thanks for the encouraging words.
