

Rome, 3rd August 2021

To whom it may concern,

Name of Journal: World Journal of Hepatology

STUDY TITLE: Elastography as predictor of liver cirrhosis complications after Hepatitis C virus eradication in the era of direct-acting antivirals

Manuscript NO: 66613

The manuscript entitled “Elastography as predictor of liver cirrhosis complications after Hepatitis C virus eradication in the era of direct-acting antivirals” has been carefully revised with special attention to English language by one of the authors (Dr. Matteo Garcovich), who is a native English/German-speaking expert. Therefore, we believe that the language in this manuscript can reach grade A without the need for employing a professional editing service.

Kind Regards,
