JOURNAL EDITOR-IN-CHIEF (ASSOCIATE EDITOR) COMMENTS TO AUTHORS

This is an interesting and stimulating paper. I strongly suggest authors to change wording pertaining "Japanese gastric mucosa, Mongolian gastric mucosa, Mongolian gastric cancer etc", to gastric mucosa in Mongolian patients, in Japanese patients, gastric cancer in Mongolian patients etc. Also the title "Comparison of Mongolians and Japanese gastric mucosa including Mongolian gastric cancer observation" should be changed to Comparison of gastric mucosa in Mongolian and Japanese patients with reference to gastric cancer and H. pylori infection or similar title.
