

Dec 15, 2020

Dear Editor,

Thank you for your kindly suggestions for our paper “Bilateral Retrocorneal Hyaline Scrolls Secondary to Asymptomatic Congenital Syphilis: A Case Report” (Manuscript NO.: 59331, Case Report). We have carefully revised the paper and listed the corresponding replies to the comments as follows:

1 I found no “Author contribution” section.

Reply: We have provided the author contributions in the article.

2. I found the authors did not provide the original figures.

Reply: We have provided the original figures in the revision files.

We sincerely hope this work could get a favorable review in your journal.

Best regards

Dr. Shuangqing Wu, M.D. PhD.
