JOURNAL EDITOR-IN-CHIEF (ASSOCIATE EDITOR) COMMENTS TO AUTHORS

I have read and reviewed your manuscript. Minor revisions are further needed as follows: 1. Since this review is about PSC, it is better to include this term in the Key words; 2. In page 7, you mentioned that "Practice guidelines support performing esophagogastroduodenoscopy for variceal screening in patients with PSC who develop cirrhosis." Related references are needed. 3. In Figure 1, there may be some mistakes about CA-125 since the whole manuscript talked about CA-199. Best wishes.

Answer: PSC was added to the key words; reference added; Figure 1 has been updated.
