Mixed adenoneuroendocrine carcinoma of the gastric stump ...

<https://pubmed.ncbi.nlm.nih.gov/25885489>

This study aimed to report on a rare occurrence of a **mixed adenoneuroendocrine carcinoma (MANEC)** on the **gastric stump**. **Case report:** The case of an 83-year-old female who presented a locally aggressive gastric stump MANEC, 35 years after Billroth II gastrectomy to treat a peptic ulcer, is reported. The patient underwent resection and adjuvant therapy.

Neuroendocrine carcinoma of the gastric stump: A case ...

<https://pubmed.ncbi.nlm.nih.gov/29398875>

We herein **report a case of neuroendocrine carcinoma of the gastric stump** found 47 years after Billroth II **gastric** resection for a benign **gastric** ulcer. A 74-year-old man was referred to another hospital with melena. Endoscopic examination revealed a localized ulcerative lesion at the gastrojejunal anastomosis.
