

Name of Journal: *World Journal of Gastroenterology Pharmacology and Therapeutics*

Manuscript NO: 34010

Manuscript Type: Original Article

### *Retrospective Study*

Declining use of combination infliximab and immunomodulator for inflammatory bowel disease in the community setting

Berkowitz JC *et al.* Declining use of infliximab with immunomodulator

**2**  
Joshua C Berkowitz, Joanna Stein-Fishbein, Sundas Khan, Richard Furie, Keith S Sultan

### **Abstract**

#### **AIM**

To describe trends of combination therapy (CT) of infliximab (IFX) and immunomodulator (IMM) for inflammatory bowel disease (IBD) in the community

### Match Overview
