To:
The Editor
World Journal of Gastroenterology

I am a native English speaker and a professor in the School of Medicine of the University of Minho.

I have reviewed and edited the paper by Rosa and Cotta entitled:

'Capsule endoscopy and panendoscopy: a journey to the future of GI endoscopy'

The spelling, grammar, and English usage in the paper are correct.

The paper is ready for publication in an English language journal.

Sincerely,

**John
