COMMENTS TO AUTHORS

This is an important study describing about the timing of surgery after neoadjuvant chemotherapy. The abbreviation for ypN may be added in Abstract. Please re-check whether the description that a $p < 0.2$ in univariate analysis were selected for multivariate analysis is right or not in Materials and Methods, and Result.

COMMENTS TO AUTHORS

Timing of surgery after neoadjuvant chemotherapy and the impact on outcomes for gastric cancer" submitted to World Journal of Gastroenterology has been evaluated and my comments are listed below: Line 15- " OS[8-11]in rectal cancer" may be written as " OS in rectal cancer[8-11" Line : " andsurgical" should be corrected as " and surgical" This article include only 17 (9.7%) patient had an interval time >6 weeks and follow-up time very short for survival (3-year) as the authors say.
