

Montevideo, 20<sup>th</sup> February 2020

Dear Science Editor Ying Dou,

We thank the editor and reviewer for constructive feedback that we believe has improved our manuscript considerably. Below we provide a point-by-point response to the comments.

**Editor:**

Verify the accuracy of general information for your manuscript

*Response: We verify the accuracy of the general information for the manuscript.*

Update your manuscript according to the Guidelines and Requirements for Manuscript Revision and the Format for Manuscript Revision for your specific manuscript type: Observational Study

*Response: We have updated the manuscript according to the Guidelines and Requirements for Manuscript Revision and the Format for Manuscript Revision for Observational Studies. We have included the section article highlights in the revised manuscript..*

Authors should carefully polish the language of their manuscript.

*Response: We have carefully reviewed the language of the manuscript.*

**Reviewer #1 SPECIFIC COMMENTS TO AUTHORS:**

the paper: Analysis of orthopedic surgical procedures in children with cerebral palsy is a well written paper, dealing with a difficult topic to answer This observational study is presenting some good data that could be useful for further research about if really surgery help to improve function and if it is really needed

*Response: Thank you.*

Sincerely yours,

A handwritten signature in cursive script that reads "Jv Heideken". The signature is written in black ink on a white background.
