Google 学术 : HER2 aberrations and heterogeneity in cancers of the digestive system: implications for pathologists and gastroenterologists

... for metastatic breast cancer that overexpresses HER2 - Slamon - 被引用次数 : 8654

Pathology of upper gastrointestinal malignancies - Sarbia - 被引用次数 : 38

Genetic aberrations of gastrointestinal stromal tumors - Yang - 被引用次数 : 78

Gastric cancer: Classification, histology and application of molecular ...

www.ncbi.nlm.nih.gov > NCBI > Literature > PubMed Central (PMC) ▾ 翻译此页

作者 : B Hu - 2012 - 被引用次数 : 108 - 相关文章

While the intestinal type of gastric cancer is often related to environmental factors ... This classification, although easy for pathologists to follow, could still face some ... three gross patterns for superficial neoplastic lesions in gastrointestinal tract. ... cytological heterogeneity, with several co-existing histologic growth patterns.

缺少字词 : aberrations

Histological types of breast cancer: How special are they?

www.sciencedirect.com/science/article/pii/S1574789110000268 ▾ 翻译此页

作者 : B Weigelt - 2010 - 被引用次数 : 173 - 相关文章

Breast cancer is a heterogeneous disease, comprising multiple entities associated ... important clinical implications (e.g. patients with tubular carcinomas have survival rates The HER2 and basal-like molecular subtypes are associated with an gastrointestinal tract and gynaecological organs) and less often respond to ...

HER2/Neu Protein Over-Expression in Patients with Gastric and ...

www.omicsonline.org/.../herneu-protein-overexpression-in-patients-with-gas... ▾ 翻译此页

作者 : R Emily - 2014 - 相关文章

Tumours of the gastro oesophageal junction are classified as gastric cancer. ... The prevalence of HER2 has been shown to be higher in intestinal than diffuse type ... Patients with non-viable tissue blocks at KNH/UON pathology laboratory Geographic and ethnic heterogeneity of tumour associated aberration which exist ...

Name of Journal: *World Journal of Gastroenterology*

ESPS Manuscript NO: 26834

Manuscript Type: TOPIC HIGHLIGHTS

HER2 aberrations and heterogeneity in cancers of the digestive system: Implications for pathologists and gastroenterologists

Fusco N *et al.* HER2 in digestive system cancers

Nicola Fusco, Silvano Bosari

Nicola Fusco, Silvano Bosari, Division of Pathology, Fondazione IRCCS Ca' Granda - Ospedale Maggiore Policlinico, 20122 Milan, Italy
