PROFESSOR P N HARAY – CONSULTANT SURGEON

Biostatistics Declaration

Reference: Invitation ID Number: 00058483

Manuscript Title: Optimizing Rectal Cancer Management – Effectiveness of the Multi-Disciplinary Approach in the Era of Laparoscopic Surgery

The data was analysed in terms of frequencies and percentages. Significance of any differences were analysed using Chi-squared test. A Kaplan-Meier analysis was performed for overall survival and disease free survival.

No external Biostatistics experts were used to review the data presented.
