COMMENTS TO AUTHORS

This is a perfect job in which exocrine and endocrine pancreatic insufficiency were observed after AP. The statistical methods were introduced properly in this research.

COMMENTS TO AUTHORS

There are some writing mistakes in the manuscript.

1. "type 3c diabetes mellitus (T3cDM)" or "Pancreatic endocrine function (T3cDM)" which one is correct?
2. Table 1,2,3 should be explained in result section.
3. The discussion section should be rewritten.
